

CELEBRATING CLEAN ENERGY-POWERED PLACES OF WORSHIP

NC Businesses ♥ Clean Energy

Over 700 North Carolina businesses are now generating and using clean energy to power their homes and businesses. Of those, 31 are places of worship who have installed solar to reduce their carbon footprint and become better stewards of the land.

Hominy Baptist Church

Candler, NC
134 kW

Half of the church's monthly utility bill is covered from their solar array

United Church Of Chapel Hill

Chapel Hill, NC
84.7 kW

The system will generate 60 percent of the church's annual electricity needs and reduce their overall carbon footprint by a minimum of 44 percent in 2019

Highland United Methodist Church

Raleigh, NC
48.7 kW

The church also installed low-flush toilets, energy saving lights, and a community garden that grows over 2,000 pounds of produce each year

First United Methodist Church

Stanley, NC
5.3 kW

The church also has an electric vehicle charging station

Kehillah Synagogue

Chapel Hill, NC
46.8 kW

Unitarian Universalist Fellowship of Winston-Salem

Winston-Salem, NC
32 kW

The Haywood Street Congregation

Asheville, NC
18.4 kW

First Congregational United Church Of Christ

Hendersonville, NC
16.8 kW

West Raleigh Presbyterian Church

Raleigh, NC
15.5 kW

The Olin T. Binkley Memorial Baptist Church

Chapel Hill, NC
11.3 kW

Good Shepherd United Church of Christ

Cary, NC
5.6 kW

Myers Park Baptist Church

Charlotte, NC
4.8 kW

"We undertook this project primarily out of our commitment to protecting God's creation, and it was funded entirely by members of the congregation and the community. We hoped that we could inspire other congregations to take an interest in solar. Since our public celebration of the new system in early 2016, at least three other congregations have reached out to us for information and one (with whom we've consulted extensively) is about to install a system."

- Melissa Melum, Solar Project Lead, First Congregational United Church of Christ

"I personally believe that "we" have a responsibility to be good stewards of God's gifts...In Asheville, flooding events can (and have) wash away meager necessities. Not everyone who participates knows about the solar panels on the roof, as they are not easily visible nor accessible. However, those who know are proud that they are part of a church that cares about God's world."

- Sharon LeDuc, Past Chair of the Board of Directors, Haywood Street Congregation
