

Hiring: Manager of Electric Vehicle Industry Coalition (Pennsylvania)

About the job

Gabel Associates Seeks Senior Associate/Manager of Pennsylvania Electric Vehicle Industry Coalition

Position Title: Senior Associate/Manager, ChargeVC-PA

Gabel Associates, Inc. is an energy, environmental, and public utility consulting firm headquartered in Highland Park, New Jersey with additional offices in Philadelphia, Pennsylvania and Rockville, Maryland. The firm has extensive expertise and experience in wholesale power markets; renewable and traditional generation project development; comprehensive economic, financial and marketplace analysis; energy procurement; energy efficiency; electric vehicles; and regulatory and policy issues. Further details are available on the company website at gabelassociates.com.

Gabel Associates founded and manages ChargeVC-PA a not-for-profit 501(c)6 coalition that strives to accelerate the adoption of electric vehicles (EVs) in a balanced and sustainable manner in Pennsylvania. ChargeVC-PA is a membership driven organization and includes utilities, charging companies, car retailers and manufacturers, environmental groups, and others. Since its formation, ChargeVC-PA has been involved in strategic advocacy, outreach, and collaboration with policy makers on program and policies that address barriers to EV adoption and improve accessibility to EV charging infrastructure, to achieve the goals of air quality improvement, greenhouse gas reduction, and the expansion of the transportation electrification markets in Pennsylvania. More information on ChargeVC-PA can be found at chargevc.org.

The firm is looking for a dedicated professional to support the continued expansion of ChargeVC-PA. Primary responsibilities for the position will include:

- Planning and running regular organizational meetings with members, potential funders, policy makers, and agency staff to advance the goals of the organization;
- Developing strategic priorities for the organization to advance transportation electrification and balance member objectives;
- Recruiting new members to the coalition through direct outreach and ongoing discussions;
- Tracking EV-related activities in Pennsylvania at the Public Utilities Commission (PUC), Department of Environmental Protection (DEP), Department of Transportation (DOT), and state legislature;
- Communicating with members regarding ongoing issues and initiatives of the organization;
- Coordinating existing ChargeVC-PA members on various issues and initiatives;
- Representing the organization at public events; and

- Advocating for the diverse interests of the coalition members.

This position will include additional responsibilities as a Senior Associate at Gabel Associates. In this role, the candidate will support various projects within the firm, which will include qualitative and quantitative research, project management, and other assigned tasks. Many of these projects will focus on energy-related issues in the Commonwealth of Pennsylvania but will likely span other subject areas as well including energy efficiency, solar energy, battery storage, offshore wind, and other utility regulatory issues.

Desired Skills

- **Strong connections to organizations and policy/regulatory issues in Pennsylvania**
- Strong public speaking skills
- Understanding of communications and marketing for energy-related issues
- Ability to work in fast paced environment on multiple initiatives
- Motivated self-starter with a proven ability to work independently
- Basic understanding of the policymaking process from an administrative agency and legislative perspective

Preferred Qualifications

- Degree: Graduate degree is preferred but not required
- Expertise: Business development, fundraising, policy development, public advocacy, marketing
- Experience in transportation electrification technology and policy
- 3-6 years of experience

Candidate will preferably be based in Pennsylvania, with the option to work out of Gabel's Philadelphia, Pennsylvania Office or work remotely. We would also consider a candidate outside of Pennsylvania. **Salary is competitive and includes a strong benefits package.** Our work environment prioritizes results over process, meaning we strive to identify the best strategies needed to solve complex problems by encouraging diversity, creativity, and autonomy throughout the entire firm.

Interested candidates should submit a cover letter and resume to Belle Gabel at belle@gabelassociates.com. Please note that all qualified applicants will receive consideration for the position without regard to age, race, creed, color, national origin, ancestry, marital status, religion, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.
